## **St Francis Farmers Market**

Farmers markets used to be frequented only by chefs stocking up on fresh ingredients, or locals looking for their weekly produce supply. All that has changed, however, because travelers now flock to these markets to sample the best a region has to offer, including fruits, vegetables, and herbs as well as locally made treats and pastries. From fresh cuts of free-range lamb or beef to a small Wisconsin market with samples of sweet Wisconsin maple syrup, travelers will delight in these markets' fresh, seasonal offerings.

Show up early on the weekend for a taste of Oasis breakfast burritos, or grab an organic crepe as you browse the stands. In peak season, the market features produce like plump organic raspberries and crisp Asian greens, and local chefs stop by to stock up on colorful fruit and vegetables. St Francis Farmers Market brings together more than 50 of the region's best farmers and producers to offer fresh, homemade wares. Visitors can find everything from fresh fruit smoothies to, cuts of free-range meats. Come and support your local farmers market so it becomes a destination place where residents can not only purchase fresh Wisconsin grown products, but also make it a weekend morning ritual to enjoy brunch or just coffee at the outdoor Oasis Bar and Grill and watch the planes take off and land!

Farmers markets are a solution to the multifaceted problem of our culture's growing isolation—from other people, from the environment, and from the sources of our food. People perceive farmers markets as gathering places where families can bond with neighbors and visit with friends. Farmers markets also provide a medium by which people can get closer to their food sources.

Many consumers feel good about supporting local farmers. They also tend to distinguish the produce offered at farmers markets as higher in quality, more flavorful, fresher, and healthier than the produce typically found in other outlets. Farmers, in turn, can interact directly with their customers, building

relationships and fostering customer loyalty while potentially generating greater profits than if they sell their produce wholesale.

### **Our Community**

Come out and find the finest local farmers and producers of local goods. You'll feel good about building a market for local farm produce in your neighborhood. **Don't Miss** - Most Saturdays, there's a meet-the-farmer talk at 10:30 a.m., followed by a free seasonal cooking demonstration at 11:30am and a kids seasonal cooking or activity on Sundays at 10.30am. On most Saturday nights, the market hosts a Picnic in the Park event with music, farm-fresh food, and family-friendly activities.

### **Freshness & Flavor**

Nothing's sweeter than a fresh red apple or crisp cabbage from your own backyard, our markets the next best thing, don't miss our various events and competitions both for the Foodie and Junior chef. The Locavores will rejoice at St Francis Farmers Market, as all produce is required to be grown within a 50-mile radius of the market. Only the freshest seasonal fruits and vegetables are displayed, and visitors can talk with vendors to learn more about their produce's origins. Popular spring and summer wares include red rhubarb, green lettuce, fresh flowers, and vegetable seedlings to start your own garden. For those who want a quick snack, don't miss the fresh smoothies and juice drinks.

### **Purchase Locally**

We're part of the local economy, so you understand how important it is to keep this market vibrant and moving forward. With your support we're doing that! The Farmers Market is an outdoor oasis with a diverse selection of products. Shoppers can purchase freshly picked fruits and vegetables, farmstead cheeses, and artisan breads, or choose from a selection of cut flowers, wine, and jam. Vendors offer everything from foraged food like mushrooms and huckleberries, to farm crafts like beeswax candles and lavender body butter. Don't miss the market's live cooking demonstrations by popular local chefs

### **Nutrition Education Workshops**

**MINUTES OF THE FINANCE COMMITTEE MEETING HELD  
SEPTEMBER 6, 2016**

---

Present: Alderpersons McSweeney, Schandel and Tutaj

Also Present: City Administrator Johnsrud, City Clerk/Treasurer Uecker, City Engineer Dejewski, Library Director Krahn, City Attorney Alexy, Alderman Klug, Mayor St. Marie-Carls, interested citizens

Chairman McSweeney called the meeting to order at 5:33 p.m.

Moved by Alderwoman Schandel, seconded by Alderman Tutaj to place on file the minutes of the Finance Committee meeting held July 19, 2016. Motion carried.

**Resolution for Inclusion under Group Life Insurance (ETF)**

City Administrator Johnsrud explained to those present that the adoption of this Resolution would allow the City to offer additional units of life insurance to employees. There would be no cost to the City as this is a voluntary benefit for employees. Currently the City, as a benefit, offers one unit of life insurance to qualified employees. It would also allow employees to purchase insurance for their spouse and/or dependents.

Moved by Alderman Tutaj, seconded by Alderwoman Schandel to recommend to the Common Council the adoption of the Resolution for Inclusion under Group Life Insurance. Motion carried.

**Resolution for Inclusion under the Income Continuation Insurance Plan (ETF)**

City Administrator Johnsrud explained that adoption of this resolution would allow for employees to have an option for income continuation in the event of a serious illness or accident. Again, there would be no cost to the City as it is a voluntary benefit. ETF has several different options for employees and this could benefit employees who do not have a large sick bank of hours.

Moved by Alderman Tutaj, seconded by Alderwoman Schandel to recommend to the Common Council the adoption of the Resolution for Inclusion under the Income Continuation Insurance Plan. Motion carried.

**2<sup>nd</sup> Quarter Financial Report**

Included in the packet was the Bank Reconciliation Report and the Investment Report for the period ending June 30, 2016. The Bank Reconciliation showed a cash balance of \$647,361.52. Investments for the same period totaled \$5,760,351.34. Alderwoman Schandel had questions on outstanding items which City Clerk/Treasurer Uecker answered.

Moved by Alderman Tutaj, seconded by Alderman McSweeney to approve and place on file the 2<sup>nd</sup> Quarter Financial Report. Motion carried.

**2017 Budget Update**

City Administrator Johnsrud told the Committee members that the budget worksheets have been distributed to the Department Heads and that he will begin meeting with them over the next couple of weeks. He informed those present that the City has lost \$20M in equalized value for this year which will have an effect on taxes. Property and Casualty Insurance premiums have increased about \$16,000 which is mostly due to Workers Compensation Insurance. After meeting with our insurance broker, it is estimated that the City will see a 6-8% increase in health insurance premiums for 2017. For 2015, the City had a \$106,000 (.22%) surplus at year end – most of which can be attributed to the \$65,000 paid by the Molasky Group for building permits. For 2017, the budget will be about priorities. City Administrator Johnsrud will have the Administrator’s Budget by the end of September for the Finance Committee. That timeline will allow for approximately one month to review the budget, make any changes and have the Budget Public Hearing on November 15<sup>th</sup>. Having the hearing then will allow the Clerk/Treasurer’s Office to get all the information gathered and calculate tax bills in a timely manner.

### **Schedule of General Obligation Debt Outstanding and TID Update**

Todd Taves, from Ehlers and Associates, presented to the Finance Committee a detailed update regarding the City’s debt and TID’s. The City currently has four outstanding bond issues – three are for the Civic Center and one is for TID #4. Mr. Taves went through the handout, explained each debt issue and gave projections for the Debt Service levy going forward. The levy for 2017 will be \$733,106. Using calculations from the 2016 tax bills, the tax rate for Debt Service will be \$1.35 in 2017. The City is currently at 39.04% of the allowed debt limit – but that will increase when the 2005 CDA Bonds are converted to General Obligation (GO) debt. At that point, the City will be at 50.05% of the allowable debt limit.

#### TID #3

Mr. Taves reviewed the valuation history of TID #3 as well as the adjustments made to the valuation by the Department of Revenue. He explained the valuation error in 2008 as well as the adjustment the Department of Revenue will be doing for 2016. The current adjustment is due to value within TID #3 that had not previously been reported. The missing parcels were discovered when the City prepared the documentation for TID #5 which is serving as an overlaying/donor TID for TID #3. That adjustment will be backed out for the 2017 valuation. Because of the adjustment, TID #3 will have positive cash flow going forward and the potential is there to repay the General Fund for some of the advances made. For 2016 the increment is expected to be \$840,417 for the 2017 budget. In subsequent budget years, the TID is projected to generate an estimated \$359,034 annually.

CDA Lease Revenue Bonds – these bonds are callable in 2017 and it is recommended to restructure the debt into GO bonds. One of the main reasons to recall and restructure the debt is the good interest environment. Currently the Lease Revenue Bonds are at 4.0% and converting to GO bonds would decrease the interest to a projected 1.1%. Repayment for the GO bonds would be 17 years or can be shortened to 13 years. The tentative schedule for the refinancing would be:

Presale planning	September-October
Adoption of Presale Resolution	November
Adoption of Sale Resolution	December 6 <sup>th</sup>
Estimated Closing Date	December 29 <sup>th</sup>
Redemption Date for 2005 CDA Bonds	March 1, 2017

#### TID #4

In the first two years, the TID lost value, but in 2014 and 2015 the value has again increased to a positive value. While TID #4 has GO debt, the projects show that there will be enough increment to cover the debt service payments. Currently the City is only making interest payments, but will start making principle payments in 2017.

#### TID #5

This TID was created in 2015 as an overlaying district to TID #3. It can also serve as a donor TID to #3. In 2016 the certified value decreased – the City had expected a positive \$2.5M incremental value based on the assessed values reported. That increase was swallowed up due to the DOR value/equalized value change. There are a lot of other projects with potential in TID #5. The City just needs to be aware of the percentages given in TIF Incentives so there is always enough cash flow in TID #5. Ehlers will update the development assumptions to reflect the delay in the Bear development construction timeline, the potential Sherman & Associates project, the potential Mandel Project and any other project brought forward to the City.

No action was needed on the report from Ehlers as it was informational for the Finance Committee.

Moved by Alderwoman Schandel, seconded by Alderman Tutaj to adjourn. Motion carried.

Time: 6:36 p.m.

**CITY OF ST. FRANCIS  
MINUTES OF THE BOARD OF PUBLIC WORKS  
MEETING HELD THURSDAY, AUGUST 11, 2016, 5:30PM**

Present: Alderman Mike McSweeney, Alderwoman Janis Schandel, , Citizen Members Shawn Feirer and Paul Pankowski.

Excused: Alderman Ken Tutaj, Citizen Members Amanda Bednarski and Christine Hancock.

Also present: Mayor CoryAnn St. Marie-Carls, Alderman Ray Klug, City Engineer/Director of Public Works Melinda Dejewski.

1. Chairman Alderman McSweeney called the meeting to order at 5:51pm.

**2. Public Comment.**

There was no public comment.

**3. Minutes**

A motion was made by Alderwoman Schandel, seconded by Board Member Feirer to approve the minutes of the May 10, 2016 meeting. Motion carried.

**4. Correspondence**

There was no correspondence.

**5. Discussion and Possible Action**

**A. Request from Memorial Committee Re: Honorary Street name for S. Nicholson Avenue**

City Engineer Dejewski stated that the request was referred from the Common Council. This request is to add an honorary name to S. Nicholson Avenue from E. Denton Avenue to E. Bolivar Avenue. It is intended to be a part of the 25<sup>th</sup> anniversary celebration of the memorial. This type of thing is done in other communities and it involves adding a street name sign either above or below the official street name sign. The sign would be differentiated from the official street name sign. This is not intended to rename the street therefore no addresses would change. A motion was made by Board Member Feirer, seconded by Board Member Pankowski to recommend to the Common Council to approve the request of the Memorial Committee to approve the honorary name of Veterans Memorial Way to Sough Nicholson Avenue from E. bolivar Avenue to E. Denton Avenue and to prepare any resolution/ordinance required. Motion carried.

**B. Request from Paul Frenn Re: Vacating and Deleting Right-of-Way on S. Lake Drive**

City Engineer Dejewski showed an aerial photo of the location with the right-of-way for S. Lake Drive. The right-of-way on S. Lake Drive is consistent along the roadway. Also, S. Lake Drive is a connecting highway which the DOT may have some jurisdiction over the amount of right-of-way for the road. Lastly, if the City were to consider releasing any right-of-way along S. Lake Drive, it would want to look at the release on a global scale, not just property by property. A motion was made by Board Member Feirer, seconded by Board Member Pankowski to recommend to the Common Council to deny the request from Paul Frenn to vacate and delete right-of-way on S. Lake Drive at 3907 S. Lake Drive due to the street being a connecting highway which may have DOT jurisdiction on the release of the right-of-way and due to possible future development in the area. Motion carried.

### **C. Request from Parkway Square Re: parking on S. Arctic Avenue**

City Engineer Dejewski stated that S. Arctic Avenue was constructed for trucks to access the Shur-line business. It was paid for by a TEA grant which required no parking on the roadway. In addition, the development has areas which can be utilized for parking. Also, E. Norwich Avenue has parking available including in the cul-du-sac. Alderwoman Schandel stated that it may be a long way to walk depending upon where people park. There was additional general discussion on the proximity of the available parking. A motion was made by Board Member Pankowski, seconded by Board Member Feirer to deny the request to allow parking on S. Arctic Avenue from E. Howard Avenue to E. Norwich Avenue due the requirement of the TEA Grant funding to not allow parking on the street, the area having parking on other adjacent streets and the ability of the development to provide additional parking on-site. Motion carried.

### **D. Sight Distance on S. Nicholson Avenue at E. Van Norman and E. Allerton Avenues**

Alderman McSweeney stated that vehicles are parking on E. Allerton west of Nicholson to S. Vermont. It is believed that the parked vehicles are those of employees of the basement repair business. There was general discussion about restricting the time when vehicles can park in the area and other possible solutions. It was brought forward that it is State Statute that vehicles cannot park within 15 feet of a crosswalk. The City will post “no parking” within the 15 feet of the crosswalk.

Alderman McSweeney also stated that vehicles are parking on the east side of S. Nicholson Avenue north of E. Van Norman Avenue. These vehicles are blocking the vision of traffic turning from westbound E. Van Norman Avenue onto S. Nicholson Avenue. A motion was made by Board Member Feirer, seconded by Alderwoman Schandel to recommend to the Common Council to create a “no parking” zone on S. Nicholson Avenue from E. Van Norman Avenue north approximately 85 feet north of the center line of E. Van Norman Avenue on the east side. Motion carried.

### **E. E. Martin Lane Reconstruction Project**

City Engineer Dejewski stated that the project was out for bids but while designing the project, an issue became apparent on part of the roadway. There is a property which has its parking area in the right-of-way and on all previous projects, this situation has been corrected by removing the illegal parking area. Parking in front of a house is not allowed. In addition, the auto repair business also parks cars in the right-of-way. The project as proposed has sidewalks on both sides of the streets because sidewalks are the safest way to have pedestrians travel in an urban environment. There was discussion on the advantages and disadvantages of sidewalks in general and as they are specifically applied to this project. A motion was made by Alderwoman Schandel, seconded by Board Member Feirer to recommend to the Common Council that the sidewalk for the E. Martin Lane project should only be on the north side of the street, that the terrace should only be 5 feet in width, and that the matter should be referred to the Planning Commission for concurrence on the vacation and deletion of 15 feet of the right-of-way of E. Martin Lane. Motion carried.

## **7. Engineer’s Report**

City Engineer Dejewski reviewed the report. There was a question regarding when the fines would be added to the “no trucking” signs. City Engineer Dejewski stated that it would be coming once she was able to have a discussion with the City Attorney and Police Chief. She would endeavor to have them up in 2 months.

## **8. Unfinished Business**

### **A. S. Barland Avenue Right-of-Way south of E. Koenig Avenue**

This item is to be removed.

### **B. Discussion – Road Project Special Assessment Methods**

There was no action on this item.

**C. Discussion and Possible Action – S. Nevada Avenue Street Lighting**

There was no action on this item.

A motion was made by Alderwoman Schandel, seconded by Board Member Feirer to adjourn. Motion carried.

RE: Wisconsin Inspectors Conference

Honorable Mayor St. Marie Carls and Alderpersons,

As you are aware every residential building housing three families or more are inspected twice a year and all businesses in the city are inspected twice a year as well. Inspection codes and references change often, it is a challenge to keep up with all the updates. This conference is a great opportunity to familiarize oneself with those changes. This year's Conference is scheduled for October 24 -28. I respectfully request confirmation for DO Jankowski to attend as he is one of our inspectors. The appropriate documentation is attached. This is a budgeted item.

Account #5220-358

Respectfully,

*Franklin E. Lockwood*
